2020 VISION

FOR A CLEAN AND SUSTAINABLE FUTURE

2020 Annual Conference of the Australian Society of Cosmetic Chemists

Are you involved in the Personal Care Industry as a raw material supplier, finished product manufacturer, brand owner or other related discipline such as packaging, marketing/trends or IP? Then the ASCC Conference is an excellent opportunity to highlight new and exciting technologies/research, update attendees about the latest market trends or provide a hands-on experience that people will be talking about well after the event. In the last few years the ASCC Conference has continued to grow and attract a diverse range of delegates all with a link to the Personal Care Industry both in Australia and Internationally. The geographical position of Australia makes it a unique asset for the cosmetic industry, merging Asia, Europe and America in a unique place. With the continuous growth of the Personal Care Industry locally along with the attractiveness of the “Made in Australia” connection which resonates with a lot of Asian consumers, the ASCC Conference will be an excellent opportunity to showcase your latest innovations.

Located at the Crown Convention Centre in Melbourne, Australia in May 2020, the Organising Committee is looking to focus on the global trend towards Sustainability and “Clean Beauty”. The 52nd Annual ASCC Conference is looking to attract experts from all areas of the globe and our industry to showcase the 2020 Vision for a Clean and Sustainable Future.
